

FRANK D. FITZGERALD, GOVERNOR-ELECT

Fitzgerald Wins Governorship

VANDENBERG VICTOR OVER PICARD. WOODRUFF RE-ELECTED CONGRESSMAN.

Democrats Carry Nation, Adding To Party Strength In Congress.

Tuesday's election day will go down in record as a great Democratic victory in the nation. Michigan, however, voted itself back into the Republican ranks, electing Frank D. Fitzgerald governor, and Vandenberg for U. S. senator by good majorities.

Crawford county dealt sparingly with the Republicans. Picard, democratic candidate for U. S. senator, had a margin in Crawford county over his opponent, Senator Vandenberg of 19 votes. Pluralities were given all Democratic state office candidates except governor, Fitzgerald having a margin over Lacy, democrat, of 56 votes.

Among the county candidates, Marie F. Nellist, Republican, for prosecuting attorney, was unopposed, as was also Frank Bennett, Republican candidate for reelection as sheriff. Ronnow Hanson, Democratic candidate for register of deeds also was unopposed for reelection to the second term.

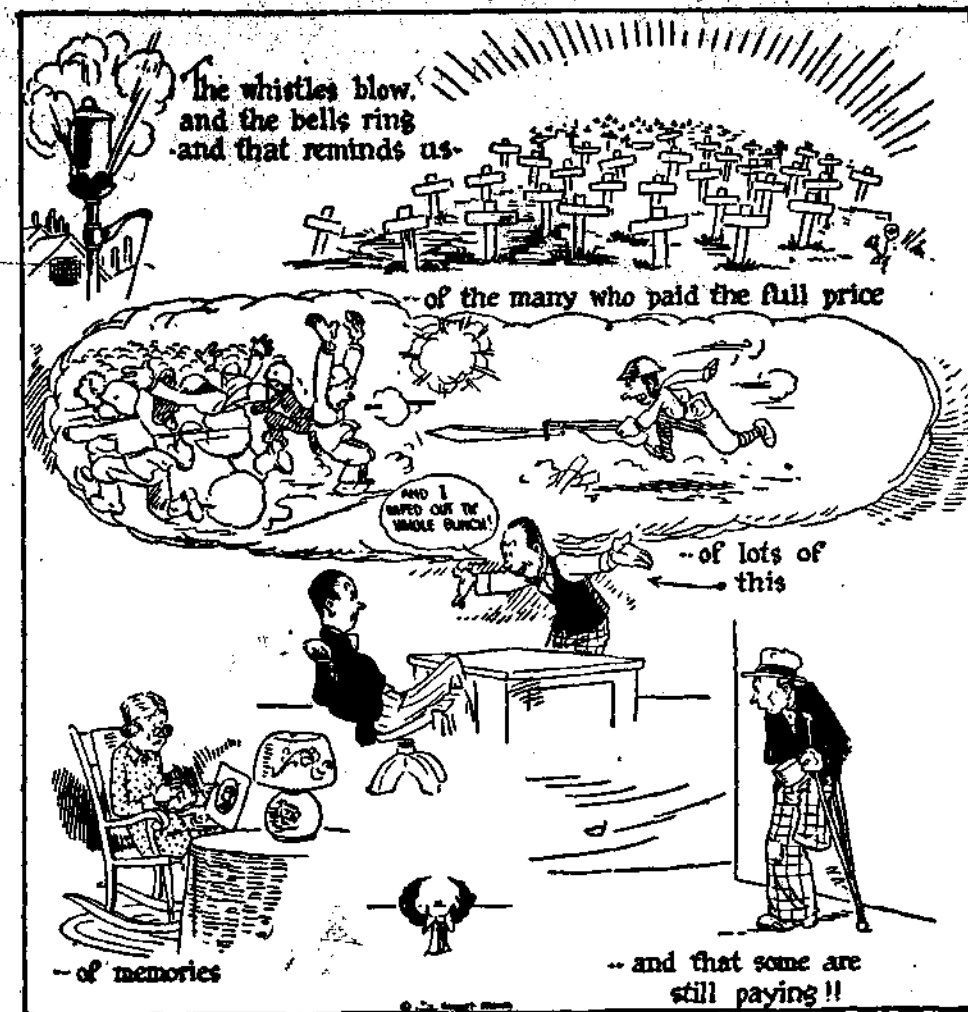

County Clerk Axel Peterson, Democrat, for county clerk piled up a large majority over John LaMotte the Republican candidate. Also William Ferguson, our able county treasurer, found the public confidence still back of him and gave him a large vote over Clayton Straehly, his Democratic opponent.

Beaver Creek and Frederic showed strong Democratic tendencies and the latter also tallied up an average of about 29 Socialist votes.

Floyd Goshorn, running on slips carried Beaver Creek and Frederic townships by good majorities over Harry W. Souders, Republican candidate for the office of county road commissioner. The remaining four townships, however, supported the latter with good majorities.

A tabulated report of the voting appears in this paper, showing the vote by townships.

Republicans secured certain of sweeping congressional victories in the state. Congressman Hart

of Saginaw, representing the Eighth district; John C. Lehr, of the Second district, and George Foulkes of the 4th district appear to have gone down in defeat. Carl Mapes, veteran Republican congressman of Grand Rapids (fifth district) was leading by a slim margin. W. Frank James of the 12th district was defeated. He has served as a Republican in Congress since 1914.

Mrs. R. Rasmusson Passed Away

Mrs. Rasmus Rasmusson, estimable pioneer resident of Grayling passed away at her home Thursday night at 11:00 o'clock following a long illness. Mrs. Rasmusson had been an invalid for a long time, having suffered a paralytic stroke thirteen years ago. She never recovered from the stroke and four years ago other complications set in and since then she had been in a most feeble condition.

Mrs. Rasmusson was a very kindly woman and during the days that she was able to be around her home she was known for her kindness to those in need. Her face bore that genuine smile of true friendship and during her long illness no matter how badly she felt she always had a cheery word to say. She had come to America from Denmark in her girlhood, when so many of the young Danish people migrated here, which was some 45 years ago.

As Carrie Jensen she was born in Sundy Falstar, Denmark, April 1, 1861, and in the year 1889 she was united in marriage to Rasmus Rasmusson here in Grayling and this had been their home since. Of the six children born to the union, one son Emmanuel passed away, in 1922.

Funeral services were held Sunday with a short service at the home, followed by services at Danish Lutheran church, where Rev. Hans Juhl officiated. Old Danish friends acted as pallbearers, Alfred Hanson, Lars Rasmusson, Peter Hanson, Peter Peterson, Lars Nelson and Julius Nelson. Interment was in Elmwood cemetery.

Surviving the deceased besides her husband, are two sons, Peter Hemmingson, who could not be located and Sam of Grayling; three daughters, Mrs. Roy Newton (Agnes) of Clifford, Mich.; Mrs. M. T. Younken (Edna), Detroit and Mrs. Edward Creque, Jr. (Elvira), Flint. All have the sympathy of many friends in their bereavement.

In attendance at the funeral from away were Mr. and Mrs. Newton, Clifford; Mr. and Mrs. Younken and children, Robert and Ruth, Detroit; Mr. and Mrs. Creque, Flint.

Thanks To The Voters.

I wish to thank the voters of Crawford County for the splendid vote accorded me at the Election November 6th. I shall endeavor to merit this support.

Very respectfully,
AXEL M. PETERSON,
County Clerk.

RETURN FROM WEDDING TRIP

Of interest to their many friends will be the marriage of Miss Evelyn Dorendre to Mr. Elmer Neal which took place at Niagara Falls, October 1st by Rev. Lang. Mr. and Mrs. Russell Moshier of Lewiston, N. Y. were the attendants. The young couple returned here after a three weeks honeymoon spent visiting Mr. and Mrs. Russell Moshier in New York and the groom's aunt and uncle, Mr. and Mrs. A. C. Monroe in Ulysses, Penn., and relatives of the bride in Detroit. They are making their home for the present with the bride's parents, Mr. and Mrs. Joseph Dorendre, who are caretakers at Wa-Wa-Sum.

The groom is the eldest son of Mr. and Mrs. Sherman Neal and a graduate of Grayling High school, class of 1929. He was a popular member of the high school basketball team and after graduation was also one of the outstanding players of the lumberjack basketball team.

The newlyweds are well known to people of Grayling, Mrs. Neal having lived here for the past two years and the groom having spent most of his life here. They have the best wishes of their many friends. Congratulations.

MRS. R. D. CONNINE HONORED

Twenty-nine ladies and gentlemen, members of the Eastern Star lodge, gathered at the home of Mrs. R. D. Connine to help her celebrate her 76th birthday Thursday evening.

A pot luck dinner was served from a table decorated with a beautiful birthday cake on which were 76 lighted candles.

The evening was spent informally with bridge, pinocle and visiting. Mrs. Connine was presented with a bouquet of flowers and a gift.

This is the second time the lodge has honored Mrs. Connine with an occasion of this kind.

MEN! GET INTO THE GAME

Willard Cornell, physical education director of Grayling schools is offering the men of Grayling an opportunity to play basketball, volleyball and other games and also to have setting-up exercises at the school gym on Tuesday nights.

If interested please be at the school gym next Tuesday evening at 8:00 o'clock. This is a great opportunity for the men of Grayling to keep in good physical trim during the winter weeks, and also to have a lot of fun. Don't forget the date. Let's have enough out to make it a success.

It's fine of Mr. Cornell to plan this opportunity.

NOTE—Men now using the gym with other groups are excluded from joining in with the above men's group.

CARD OF THANKS

We acknowledge with sincere appreciation the kindness and beautiful expressions of sympathy of our friends during the long illness and at the passing of our wife and mother.

OCC ENROLLEE HURT IN ACCIDENT

Hubert Reid, of Lansing, an enrollee of C.C.C. camp 681, received several bruises about the head and internal injuries Saturday afternoon when the truck in which he was riding hit a soft shoulder where the road is under repair near Sigbee's corner, and turned over, pinning him underneath the truck. James Roberts, driver of the truck, and three other occupants, received minor injuries. Reid, who is at Mercy Hospital, is getting along very nicely, considering his injuries.

Grange Notes.

Two new members, Lois Parker and Marleah Kochanowski were added to our Grange Saturday.

Many of our farmers are getting ready to care for hunters during the deer season.

Mr. and Mrs. Frank Serven spent several days visiting relatives in Flint and Mt. Rose. Farmers in that locality have a good yield of corn this season.

Mrs. Pauline Edmonds entertained her pupils in South Branch school with a Halloween party.

Mr. and Mrs. Wm. Christenson entertained a number of guests at their cottage on the AuSable Saturday.

The box social given by the Grange at the town hall in Maple Forest was well attended. George Annis furnished the music for entertainment, while Alfred Hummel auctioned the boxes. Some boxes were very beautiful and cleverly trimmed. All report a good time besides netting the Grange a neat little sum.

THURSDAY, NOVEMBER 8, 1934

MEXICAN governments, both federal and state, are carrying on a determined campaign against the Roman Catholic church, charging that the latter has been fostering a revolutionary movement. On the other hand, a vigorous denial that the Catholic church had advocated armed resistance to the Mexican government or intervention by the United States in the religious conflict in Mexico was issued by Archbishop Ruiz, the Apostolic delegate to Mexico, in San Antonio, Texas. Bishops and priests are being expelled from various states, and the state of Mexico issued an order limiting the number of churches in the region in which services may be held to 34, the same as the number of priests permitted to officiate in the state. All churches above this number, the decree provided, will be used as schools and public libraries. The action was believed to have been taken to prevent priests ousted from other states from coming to the state of Mexico to officiate.

The Supreme court ruled that all buildings used for Catholic ceremonies shall become the property of the nation.

Acting President Rodriguez in a letter to Attorney General Portes Gil said the clergy, on pretext of opposing the initiation of compulsory socialistic education in Mexican schools, has "initiated a frank campaign of sedition which reveals clearly its intention to bring about a revolution."

CHANCELLOR HITLER has realized the danger to his regime in the revolt of the Evangelical Protestant pastors against the tyrannical rule of Reichsbishop Mueller, and has decided to separate church and state. The government of the reich, he said, would not interfere in the quarrel. Some observers in Berlin expressed the fear that this policy would lead to unrestrained growth of German paganism and also to further acts against the Jews, under the leadership of Dr. Alfred Rosenberg, philosopher, and Julius Streicher, publisher of the Stormer, heads respectively of the pagan faith and the anti-Semitic movement.

Acceptance of Chancellor Hitler's new constitution for the German Labor Front, which gives the Labor Front money and property which once belonged to trade unions and employers' associations, was celebrated in 16,000 demonstrations throughout Germany. The biggest was in Lustgarten, Berlin, where over 500,000 were assembled. The Labor Front includes all laborers and office workers.

BOTH France and Germany are worried over prospects of trouble in the Saar, where a plebiscite is to be held January 13, 1935, to determine whether the region shall revert to Germany, be attached to France, or remain under the control of the League of Nations. The Nazi campaign in the Saar has been active and large numbers of Storm Troopers are said to have entered the region in disguise. Geoffrey K. Knox, president of the governing commission for the league, has warned that in case of difficulties during the plebiscite he will call for the help of French troops. Foreign Minister Pierre Laval says the French will be ready to respond. The German Nazis are correspondingly irate. There is reason for anxiety.

SPEEDY ruling by the United States Supreme court on constitutionality of the NRA act and the code of fair competition for the lumber and timber products industry may be expected. Judge W. I. Grubb of the Federal District court at Birmingham, Ala., has ruled them unconstitutional and dismissed an indictment against an operator of several sawmills. The action was taken by agreement of both sides so as to expedite an appeal to the Supreme court.

In Federal court at Baltimore the constitutionality of the Agricultural Adjustment act, inasmuch as it allows the federal government to set the price of milk bought and sold in intrastate commerce, was attacked by attorneys for the Royal Farms dairy. Petition for an injunction to restrain Secretary of Agriculture Wallace, the AAA agent of the federal government, from interfering with its business was asked.

THERE were predictions of civil war in Austria between the two "private armies," Chancellor Schuschnigg's Catholic storm troops and

The **FRANCIS HUNTER** headed by Prince Ernst von Starhemberg. The cabinet stirred up the old taxation trouble by legislation taking from the provinces and municipalities their right to share in taxes collected in Vienna. With this as an excuse, the opposition to the government in exhibiting intense activity.

The Heimwehr leaders are demanding that the nation's corporate parliament be composed entirely of representatives of the auxiliary armed forces. Chancellor Schuschnigg and other Catholic leaders are bitterly opposed to this.

SCHOOL AFFAIRS**Biology Club**
Officers: Pres., Frances Entsminger; Vice Pres., Frances Corwin; Sec.-Treas., Phyllis Parker.

The main purpose of the club is to enable the students of Grayling High school to become more familiar with their environment. By knowing more about our surroundings we will be better fitted to use our leisure time more constructively. With a shorter working day ever around the corner an individual who knows how to use his leisure time will add strength to his community and to the world at large.

At present only a girls unit has been organized but if time permits a boys unit will be formed. The membership of both groups will be limited to biology students.

From the tone of the article that was in the School Notes column a while ago, it might seem that religions were discussed at school critically and technically, with an idea of making worshippers or Mormons of students, which is of course quite the wrong idea. History has seen the rise of man's religious instinct, and a tolerant knowledge of the process is worth having.

You know folks, Ye Author had a sneaking idea that there would be plenty more to be told of the school party which he mentioned in last week's column. That's why he promised more at this time, but as I take my pen in hand, confronted with the task of presenting to you in a readable form, an account of this celebration, I must confess myself at a loss for a place to begin.

Two of the greatest attractions in the early part of the evening were games of skill with which we are all familiar, namely, "Put the ball in the barrel," and "Hit the Nigger Baby." This latter drew the largest crowd of any. In fact, there was a continuous line in waiting at all times, trying, when their came, to "put 'em down."

Mr. Cornell was the star at this. When his turn came he stepped up and calmly missed the first two shots, (intentional?—Maybe) then neatly tipped them both with the last ball. He elected to stand on his record and refused to play again.

Everyone there, from "bashful" seventh grader, to "dignified" Senior was out to have a good time, and entrants in the contests were plentiful.

Forest Bradow and Arnold Tibbets won the title of the best team in the three-legged race, by coming in yards ahead of their closest competitors. Altho the boys had apparently practiced the art of running in unison, they had neglected to learn to stop, with a bad spill at the finish as a result—but they won, and that's what counts.

Kenneth Hoesli and Bill Stock had a prolonged fight over the cracker eating crown, with two play-offs, in the second of which Bill finally weakened and gave in to Kenny.

No party, of course, is complete without a floor show, this feature of our get-together was, as Mr. Poor headed it, on his bulletin board poster, "A Gastronomical Convolution, the Famous Gust-Kneff Act, (Abridged and Censored)"

Nothing more need be said of this, except that it was good. There was slight difficulty in hearing due to the size and poor acoustics of the gym, but they still managed to draw several hearty rounds of applause.

Dancing had been planned, to go on through the evening, but due to static, the radios obtained could not function properly, so this had to be called off during the first part of the evening, but later Miss McNeven volunteered to play the piano and the half hour or so that was left after the show gave time for that appropriate ending of all well-conducted parties, "The last Waltz."

At the council meeting Monday
night, engineer C. A. Miller sub-
mitted a budget for expenditures
from this time until next July 1st.
It amounted to about \$11,000. This
is the first time to our knowledge
that a comprehensive budget has
ever been prepared for the village.
There is no doubt about the value
of such a budget for it gives the
council members accurate knowl-
edge as to just how much they
may spend for each branch of
village government. It means
economy in village administration.

In reporting the organization of
the Grayling Game club in our
last week's edition an error was
made in the size of the property.
Instead of there being 180 acres
in the club property, there are
980. Certainly this is one of the
prize hunting regions of Michigan.
It is the desire of the members to
make this a real game club and to
see to it that game is given every
opportunity to propagate and in-
crease in number. The two lakes
are already teeming with trout
and in one there are great num-
bers of muskrats and the number
is constantly increasing. The
small-game cover proves very in-
viting to partridges and other
game birds and rabbits.

Several members of the Amer-
ican Legion Auxiliary respond-
ing to an invitation of the West
Branch unit to be their guests
Tuesday evening, drove down to
find that the affair had been held
the evening before and they were
just 24 hours late. An error had
been made in the date on the in-
vitation. However, returning at
Roscommon they learned that the
new Green Tavern of Mr. and
Mrs. Jess Green on the highway
north of Roscommon was opening
that evening so they dropped in
there. They report that there was

pleased over his election to the
office of Secretary of State. Gen-
eral Wilson has been coming to
Grayling for so many years that
he seems like one of our own
people.

At a recent meeting of the
Village council, resolutions were
passed thanking Mr. and Mrs.
Esbern Hanson for their generous
gift to the people of Grayling of
the land that is now our commu-

side of the river next to the
bridge. The park has been im-
proved and is now a most at-

consideration that the place not

that the donors have this inter-
est in their home community to

Even the park is still new
everyone will agree that it is
beautiful and is bound to increase

Hanson.

Last Sunday it rained bullets over in the northwest. We heard an automatic rifle working overtime. The woods were full of hunters.

A certain nimrod from the burg saw a large buck standing broadside four rods distant. The Winchester went up to his shoulder and the ivory bead was covering the buck's shoulder, but the trigger was not pressed as other bullets began to fly and cut the twigs over the nimrod's head. COMPTROLLER COMMENTS INSTITUTE OF BANKING

WASHINGTON, D. C.—The American Institute of Banking, said to be the most successful project of its kind in the field of applied adult education, has performed a valuable function in training bank clerks for "sound public service as well as personal success," J. F. T. O'Connor, Comptroller of the Currency of the United States, said here in a recent radio address. The institute is a section of the American Bankers Association.

"While imparting useful knowledge, it has improved the morals of banking personnel and has stimulated in its members an intelligent interest in national and international monetary problems," Mr. O'Connor said. "Its courses cover a wide field in banking. Among the subjects, one finds Bank Organization and Operation, Commercial Law, Negotiable Instruments Law, and Economics, in the Pre-Standard Division; followed by such subjects as Money and Banking, Credit Management, Financial Statement Analysis and Bank Management, in the Standard Division.

"Each and every subject is one which is necessary to a knowledge of banking. However, the institute does not stop here, but encourages graduate study in Corporation Finance, Trust Service, Farm Credit Administration and Business Forecasting. Again it emphasizes in special courses the importance of the less technical but highly beneficial study of Constructive Customer Relations, Banking Fundamentals and Public Speaking. No comment is necessary on these courses; their value is at once apparent."

BOOKLET ON FARM CREDIT

A booklet has been published by the Agricultural Commission, American Bankers Association, on "Factors Affecting Farm Credit," for the purpose of furthering on a national scale the taking of farm inventories and the making of credit statements as sponsored by the commission in cooperation with the state colleges of agriculture and the U. S. Department of Agriculture. The goal is better relationships between farmer customers and their banks.

Question Box By ED WYNN The Perfect Fool

Dear Mr. Wynn: Why do so many people buy their milk from a milkman? Why don't they get it directly from the cow? The milkman puts water in it, while a cow gives pure milk.

Yours truly,
CARRIE PALE.
Answer: It is true that a cow gives pure milk, but the difference between a cow and a milkman is that a cow doesn't give credit.

Dear Mr. Wynn: I have been keeping company with a young man for over two years. I've done everything to get him to propose to me. Last night he called at my home and during the conversation I came right out and asked him if he ever thought of getting married. He said: "The girl I marry must be able to raise a family, take care of a house, cook and so on." I am willing to take care of his house, raise a family, and I'll cook, too, but what does he mean by saying so on?

Truly yours,
I. WANTHIM.
Answer: When he says you must be able to take care of the house, cook and so on, he simply means you must be able to sew on buttons.

Dear Mr. Wynn: I am a young man just twenty years old. I have a good position and earn good wages. I want to get married, but I am afraid of having trouble because I'd rather play golf than eat. Is it possible to find a wife who will stand for that?

Truly yours,
N. THERUFF.
Answer: A man who would rather play golf than eat should marry a girl who would rather play bridge than cook.

Dear Mr. Wynn: I am twenty-seven years of age and a traveling salesman. I am madly in love with a girl who lives in Harrisburg, and feel the same about a girl who lives in Albany. Can a man love two girls?

Yours truly,
ISSELL KETCHUP.
Answer: Sure, as they live in different cities you're perfectly safe.

Dear Mr. Wynn: I am giving a luncheon and the honored guest is to be the governor of our state. When at the table, being the hostess, should I sit on the governor's right hand?

Truly yours,
MRS. DICK SHONARY.
Answer: By no means do that. The governor probably eats with his right hand. Sit on a chair.

Dear Mr. Wynn: I have read a great deal about vaccination. Some folks say it will always save a person's life while others say just the opposite. I think it will save life, don't you?

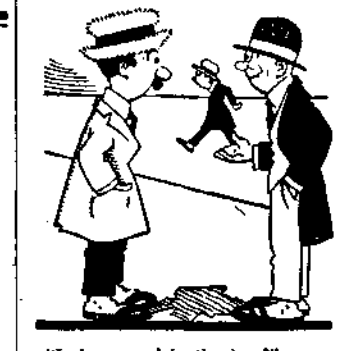

Sincerely,
C. RUM.
Answer: I can't see how they can guarantee it will always save life. For instance, I know a boy eight years old who got vaccinated and four days later he was run over by an automobile and killed.

He Shuts Off Alarm Clock Daily

WHEN the alarm clock sounds its fearful summons in the gray light of dawn each morning, Mrs. F. A. Waugh, Los Angeles housewife, does not have to leap out of bed and turn it off for fear of awakening the neighbors. That's because her alreade, Lucky, gets right on the job and shuts off the alarm.

ADJUSTING BANKING TO CHANGING NEEDS

By ROBERT V. FLEMING Vice President American Bankers Association

BANKERS recognize that changing conditions require new methods of doing business. However it is their responsibility to retain those essential and financial principles upon which this country was founded and as grown to what is still the richest nation in the world.

Many of our difficulties have arisen from lack of confidence and from misunderstanding. Therefore it behooves the banker to bend every effort to create a better public understanding of sound banking and thereby, bring about that united effort and cooperative spirit which will hasten the day of national recovery and restore to the banker the confidence of the public to which he is entitled.

As an approach to the realization of this ideal, bankers should carefully scrutinize every application for a loan to see if it is bankable and, if it is not in bankable form, then make further examination to see if the loan can be made so, in order to stimulate use of credit.

Explaining Loan Factors to Customers We must not expect our customers to be bankers and understand all the factors which we must consider before granting a loan. If we find that a loan is not, and cannot be made, bankable, then I think we should take pains to explain the reasons why it cannot be granted.

There are other measures which I think it important for the banker to undertake in order to eliminate the misunderstandings which have arisen and overcome the sentiment which exists. Under present conditions we have to operate under many laws and regulations, and also watch what further legislation is being proposed which affects our methods of operation and may not be in the best interest of the communities we serve. Nowadays it seems at times we must sit with a law book in one hand and a book of regulations in the other in order to make certain we are discharging our daily duties and functioning strictly in accordance with the law.

All of this is very trying, yet I think in the end we shall become better bankers. I believe it is the duty of every banker today to endeavor to understand the public he serves. In addition to his daily duties, trying as they are, he should participate in the activities of his community, so that, with the fund of information available to him, he may be as helpful as possible.
